COURSE ELECTIVES

On the back side of this page you'll find the class matrix which represents the activities taking place throughout the conference. Starting with Tuesday, June 2nd, numerically starting with the number "1" as your first choice, prioritize your desire to attend the courses being offered – mark at least 8 for Tuesday, Wednesday, Thursday, and Friday.

Upon completion of these lists you should have placed a number next to all the listed courses according to your personal preference. It is imperative that you mark all the courses you wish to attend as they fill up fast each year, and contrary to our registration instructions, some individuals will send in their registration with only partial selections made. Furthermore, if you are registering late, we highly recommend that you make as many selections past the initial 8 as possible to assure you get some classes. Don't be disappointed, **register early** and fill in all the classes.

Courses will be reserved in your name according to the availability of space and your personal itinerary will be sent to you at the address you provide on the registration.
